## SAVING THE STONE CURLEW

Monday 16<sup>th</sup> December 2024  
at 7.30pm

In the Recital  
Room at  
South Hill  
Park

The Stone Curlew is a special bird of the North Wessex Downs, where it breeds in small numbers. This summer migrant naturally chooses to nest on downland, but usually has to opt for arable farms instead.

Bird expert KEITH BETTON explains how efforts to help this rare species have worked - and explains much of its secretive lifestyle.

**BFNHS MEMBERS: £1 VISITORS WELCOME: £3**

*Cash at the door - no need to book in advance*

South Hill Park is on Ringmead, Bracknell RG12 7PA
